

Beaumont 2235 Overdoor Canopy

The Beaumont overdoor canopy will keep your entrance dry and free from falling debris while you search for your keys or carry your shopping from your car. Overall size is 2235mm length x 1390mm projection.

With a stylish elegance this overdoor canopy will also add appeal to your home for years to come.

Beaumont Canopy Features:

- 2235mm length x 1390mm projection
- Front aluminium gutter directs rainwater sideways
- Ready to assemble pre-cut panels
- Rust-resistant aluminium frame
- 100% UV-protected
- Simple to assemble (2 person DIY)

This impressive overdoor canopy is designed to direct rain and snow to fall off the sides so you won't get a build-up of water and the polycarbonate panels will keep you protected from harmful UV rays.

The Beaumont 2235 contemporary overdoor canopy includes a dark grey aluminium frame and guttering, with galvanised powder-coated steel parts which are corrosion-resistant. This stunning canopy will remain pristine for many years.
