Walbrook Overdoor Canopy

This modern and elegant Walbrook Overdoor Canopy is an all-weather solution for sheltering doors, windows, smoking designated areas, bicycle parking areas, mail boxes and air conditioning or air vents. The Walbrook provides your door or entranceway with a generous sheltered area and is available in two different widths, 1.5 metres to suit a single-door entrance and 2.05 metres to suit a double-door entrance.

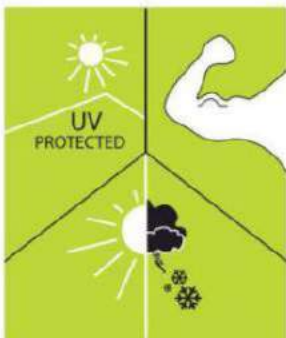

- **The Walbrook 1500**

Covers an area of 1.4 m². Dimensions are: 151 cm length x 91cm projection x 16cm height. Engineered to meet snow loading up to 100 kg/m² and resist wind speed up to 120 kph.

- **The Walbrook 2050**

Covers an area of 1.9 m². Dimensions are: 205 cm length x 91.8 cm projection x 16 cm height. Engineered to meet snow loading up to 150 kg/m² and resist wind speed up to 120 kph.

Manufactured from high quality laser-cut steel arms with an integrated rust resistant aluminium rain gutter and UV protected clear polycarbonate panels. The Walbrook canopies when properly assembled and anchored are designed to withstand wind loads in most areas (please call if you live in a coastal region). They can be assembled easily by two people and require no special tools. Comprehensive installation instructions are included.

Heavy duty-
weather resistance
